

Title of my Thesis Spanning over several Lines

Type of Thesis

Dipl.-Ing. Honza Vopršálek

Department of Physical Metallurgy and Materials Testing
Montanuniversität Leoben

Leoben, Month 201X

This work was supported by someone
in the framework of some project.

Affidavit:

I declare in lieu of oath, that I wrote this thesis and performed the associated research myself, using only literature cited in this volume.

Acknowledgements

I am very grateful to David for providing me with this template.

But seriously, you don't want to include this sentence, so think about your supervisor, colleagues, family...
